Dear Sir,

I shall be able now to forward your sendings without any trouble for you with the custom-house, through a new connection in New-York. You would receive the package through this house and could return me what you did not buy through the same.

I should be very glad if, by this manner, our relation became more

vivacious and await with great
pleasure the favour of your reply.

Observing still that since August
1900 there remains in your account
M. 15.50 which you may dispose
of by a new order, I am

yours most respectfully

ppa. Dr. Eugen Marzbacher.
